

IMPORTANT INFORMATION ABOUT OPENING A NEW ACCOUNT

To help the government fight the funding of terrorism and money laundering activities, Federal law requires all financial institutions to obtain, verify and record information that identifies each person who opens an account.

This means that: When you open an account, we will ask for your name, address, date of birth, and other information that will allow us to identify you. We may ask to see your driver's license or other government issued photo identification card, or other identifying documents.
